

Did you know that Community Links is a content partner with the Fountain of Health Initiative?

The Fountain of Health Initiative for Integrative Positive Aging, or Fountain of Health (FOH) for short, is an innovative program to encourage, coordinate and focus services that support seniors in positive aging activities that have been demonstrated to reduce the risk of long- term illness and disability. Common Knowledge Research and Consulting has been contracted to conduct an evaluation of the Fountain of Health Initiative to determine the effectiveness and impact of the work to date. As part of this evaluation we are talking to seniors and their supporters.
